MEETING MINUTES

PERMIT REVIEW COMMITTEE COMMISSION ON CHICAGO LANDMARKS

The Permit Review Committee (PRC) met on September 3, 2020, at 2:45 p.m. The meeting was held virtually

Present: Ernest Wong, Chair
Gabriel Ignacio Dziekiewicz
Tiara Hughes
Lynn Osmond

Staff: Dijana Cuvalo
Larry Shure
Emily Barton
Joyce Ramos

The following projects were reviewed by the PRC:

1. 65 E. Riverwalk South **42nd Ward**
Michigan Ave. Bridge and Wacker Dr. Esplanade

Proposed installation of a new 20' tall GFRC-clad elevator enclosure with a curved standing seam zinc roof to access the Riverwalk.

Action: Approved unanimously (4-0) with the following condition:

1. As proposed, the elevator enclosure shall be clad with glass fiber reinforced concrete (GFRC) and cast stone to match the color and texture of the adjacent masonry, and the zinc standing seam roof shall be dark grey. Historic Preservation staff shall be notified to view and approve material samples prior to order and installation.

2. 1460 N. Milwaukee **1st Ward**
Milwaukee Avenue District

Proposed rehabilitation of 3-story, frame, mixed-use building including siding replacement, new storefront, and cornice

Action: Approved unanimously (4-0) with the following conditions:

1. The front façade design shall match that shown in the historic photo as much as possible. Cornice and bay details shall be submitted with permit application;
2. As proposed, non-historic siding shall be removed from all elevations of the existing building. Upon removal of the non-historic siding, Historic Preservation staff shall be notified and make a site visit to verify if any historic wood siding remains, to review its condition, and determine if it can be retained and repaired. If any historic details are uncovered during this time, they should be documented and used to further inform the design in the permit drawings. If the historic wood siding can be repaired, select areas of deterioration are to be replaced in kind with wood clapboard to match design, lap exposure, profile, dimensions, and finish of the existing historic siding. If the siding cannot be repaired, new wood clapboard siding shall be installed;
3. New windows on front façade shall be wood or aluminum-clad wood double-hung windows with clear vision glass. Window and surrounding trim details shall be submitted with permit application; and,
4. Staff recommends the applicant match the profiles and configurations of the existing historic storefront. Aluminum may be used as a substitute for wood and smooth limestone may be used for the bulkhead. Storefront details shall be submitted with permit application.

3. 6851 S. Bennett

5th Ward

Jackson Park Highlands District

Proposed new attached garage addition to single family residence and attached garage addition to coach house on corner lot

Action: Approved unanimously (4-0) with the following condition:

1. The location and size of the 2-car garage addition to the main house is approved as shown on drawings dated 7/16/20. The extending rafter tails on the new 2-car garage addition shall have a simplified, straight profile so as to differentiate the new work from the historic house;
2. New and replacement window details for the main house shall be submitted with permit application;
3. The proposed coach house plans shall be modified so that the addition be a separate building, no longer

removing any historic material. The new building may be located directly south of the historic building; and,

4. The project as proposed may require a zoning variation and/or adjustment, and the Commission takes no position regarding any requested variance/adjustment relative to the zoning code requirements.
